

Interactions between national and local safe havens

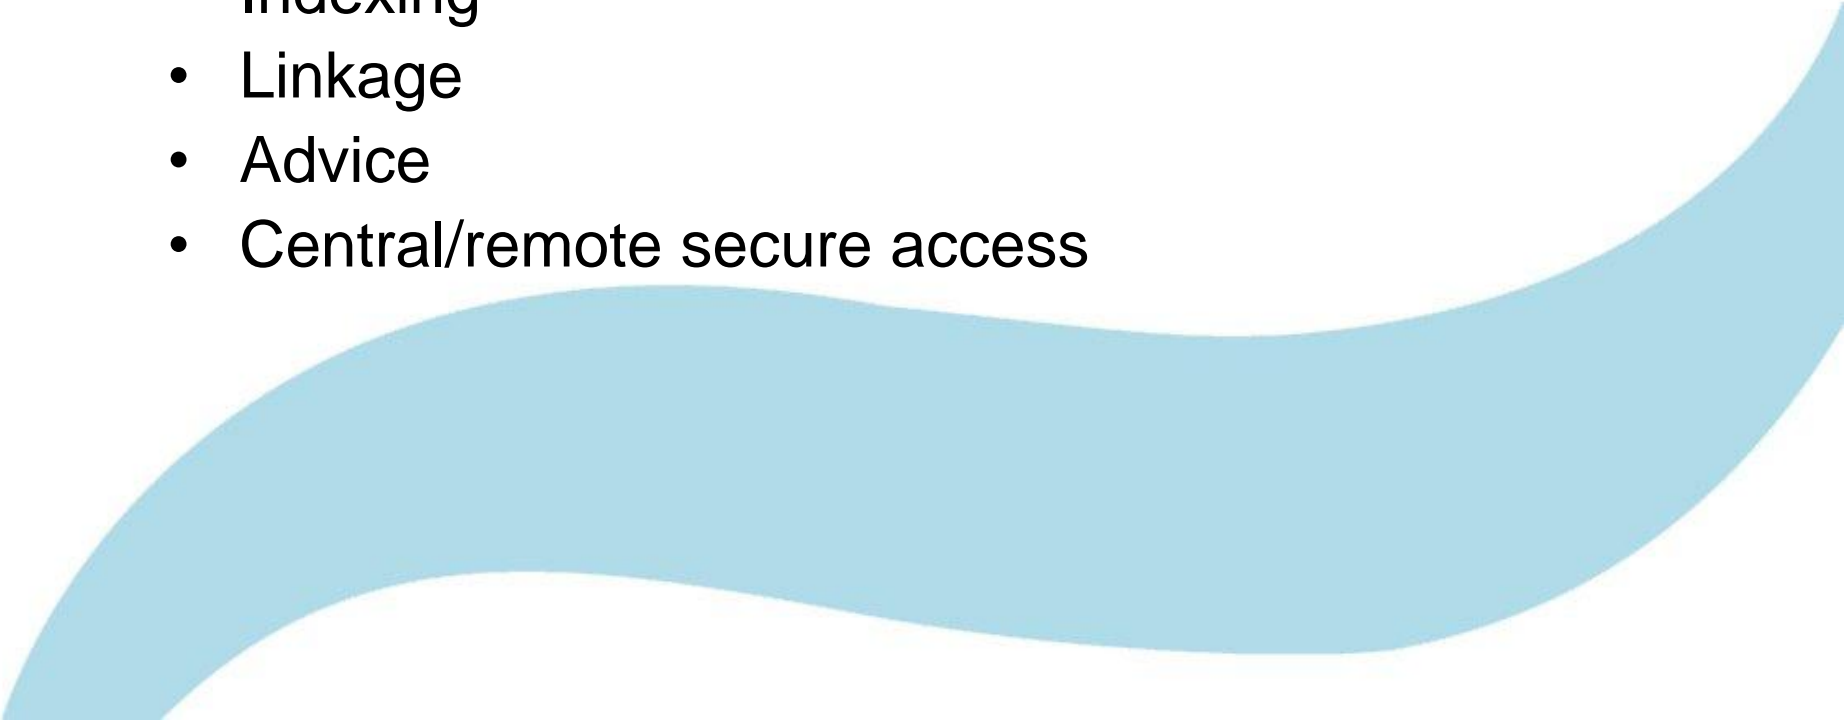

Anthea Springbett
Programme Principal SHIS-R
NHS Information Services Division

National Safe Haven

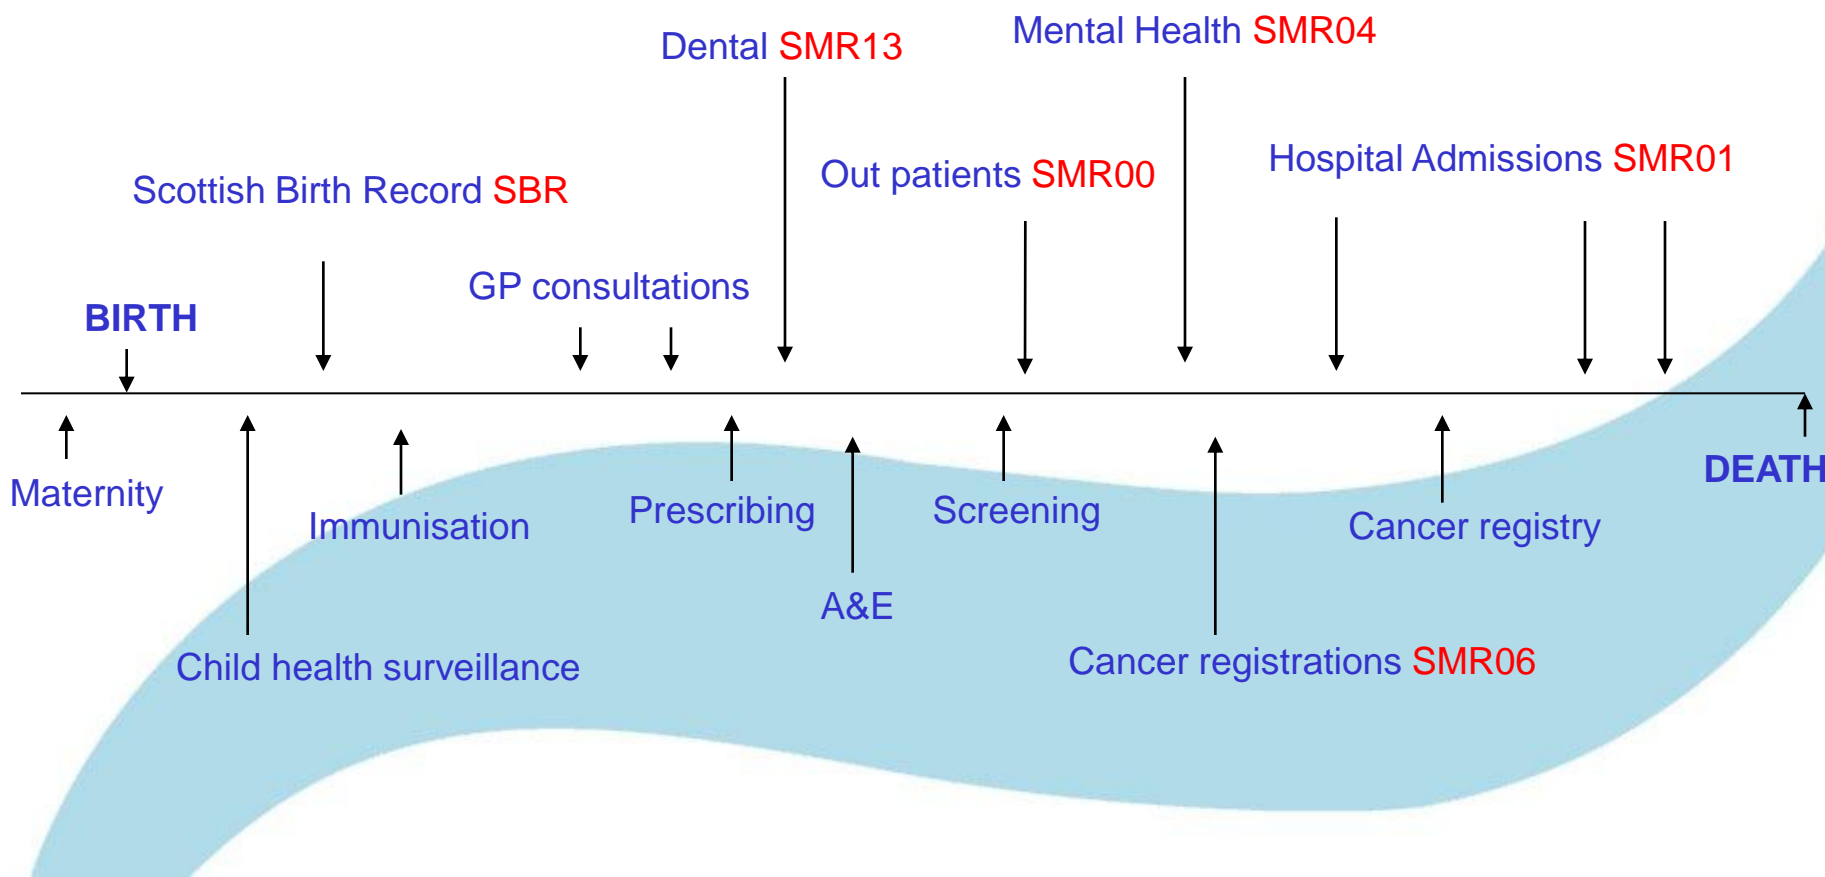

- What is it designed to do?
- What services can it provide?
- National Data Linkage Centre
- What do local safe havens need?
- What can they offer?

National Safe Haven Services

- Data provision
 - Indexing
 - Linkage
 - Advice
 - Central/remote secure access
- 
- A large, light blue wavy graphic that starts from the bottom left and curves upwards towards the right, spanning the bottom half of the slide.

ISD: collecting data from cradle to grave ...

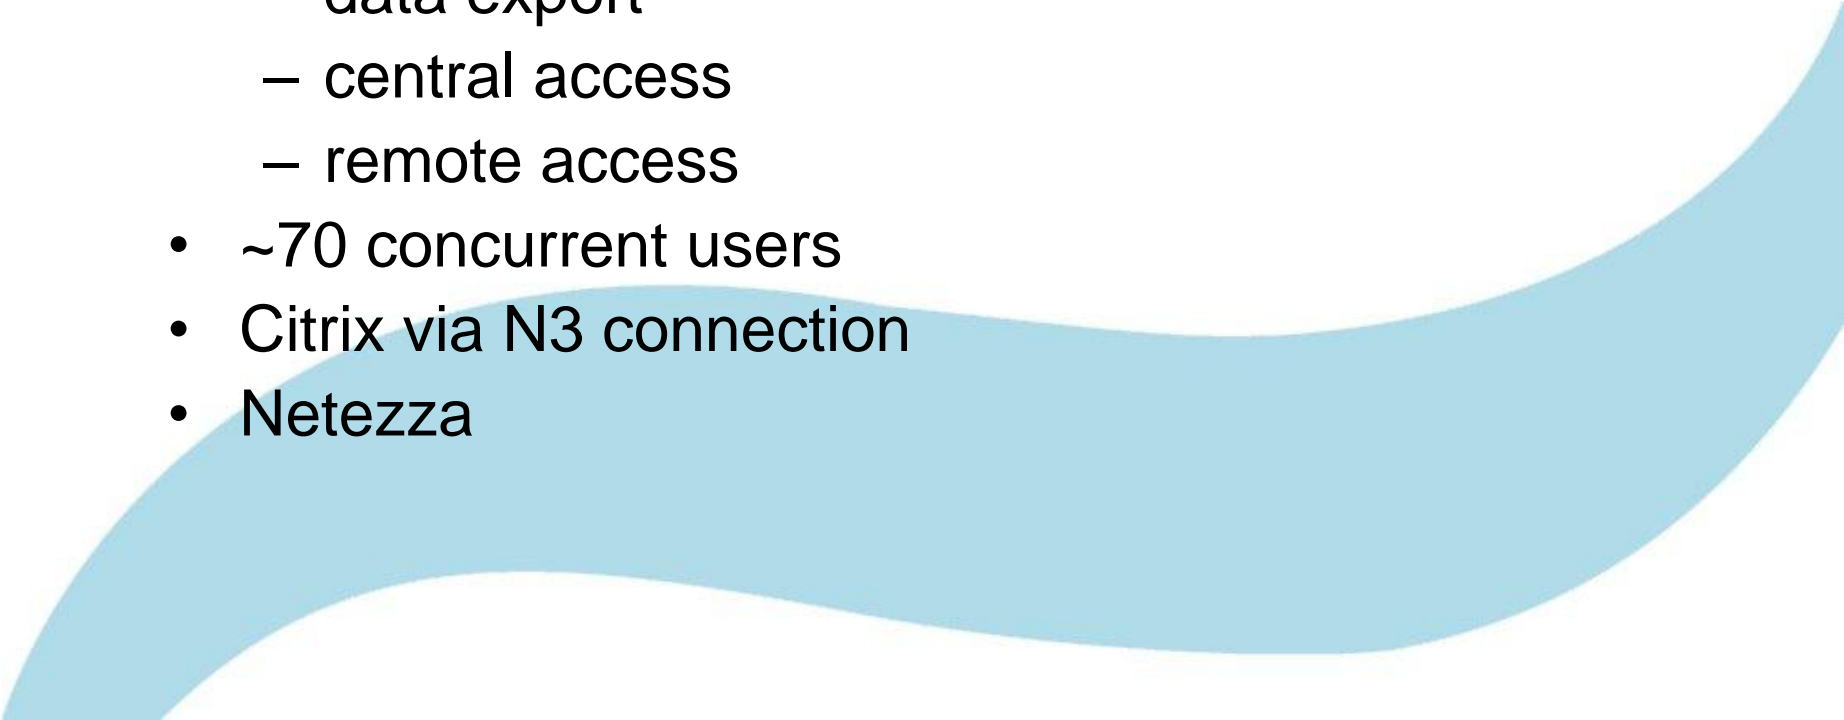

Indexing & Linkage Service

- Automated system for routine updates
 - incoming data
 - internal & external linkages
- Additional clerical review
 - administrative quality linkage
- Probabilistic matching
 - poor data quality
 - few or no identifiers

Advice Service

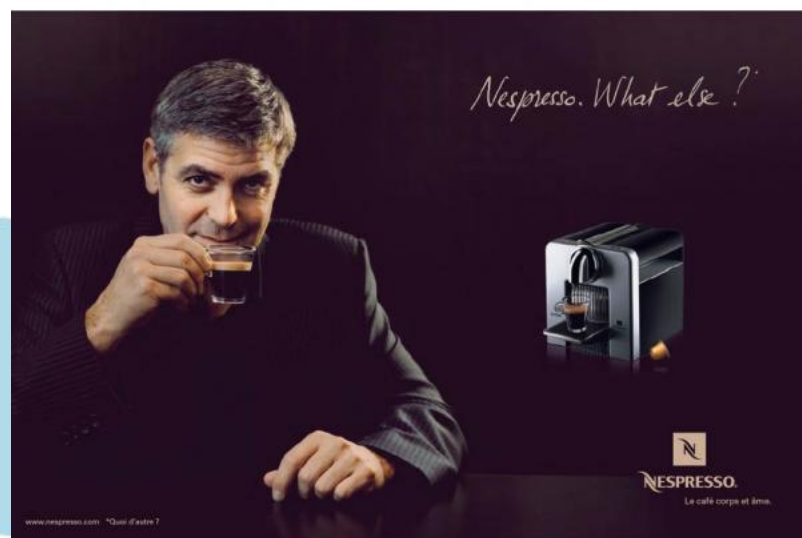

- Research coordinators
 - single point of contact
 - approved researcher status
 - datasets
 - permissions
 - statistical disclosure control
- 
- A large, light blue wavy graphic that starts from the bottom left and curves upwards and to the right, spanning across the bottom half of the slide.

Central & Remote Secure Access

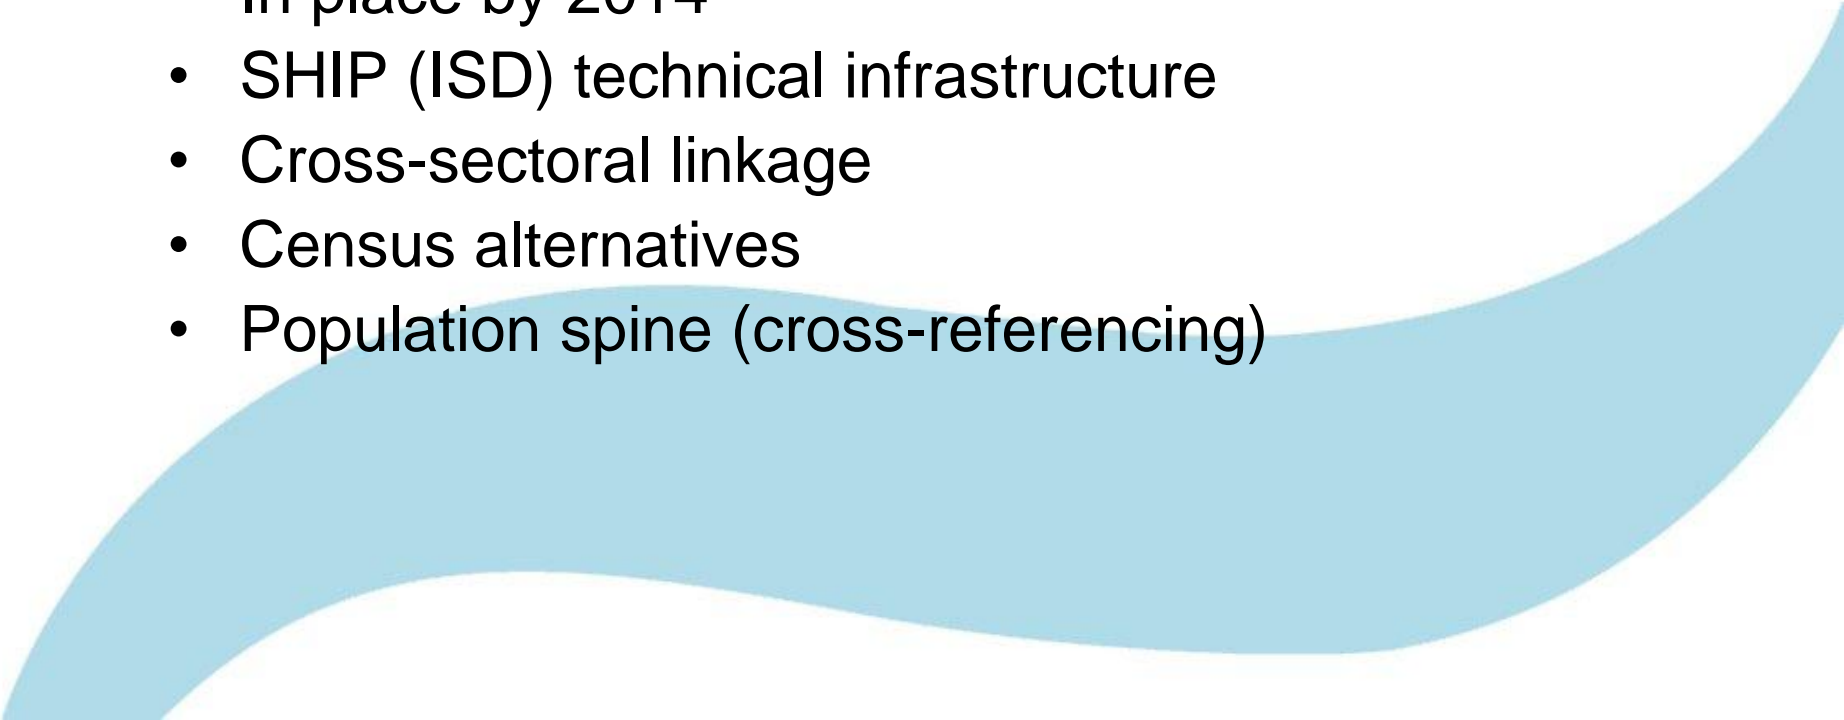

- Mode of access determined by DCs
 - data export
 - central access
 - remote access
 - ~70 concurrent users
 - Citrix via N3 connection
 - Netezza
- 

Central & Remote Secure Access

- Mode of access determined by DCs
 - data export
 - central access
 - remote access
- ~70 concurrent users
- Citrix via N3 connection
- Netezza

National Data Linkage Centre

- SG/NRS/ISD
 - In place by 2014
 - SHIP (ISD) technical infrastructure
 - Cross-sectoral linkage
 - Census alternatives
 - Population spine (cross-referencing)
- 
- A large, light blue, wavy graphic that starts from the bottom left and curves upwards and to the right, ending near the bottom right corner of the slide.

Cross-referencing
